

## Forexpan

0.1% - 1%

Class A Foam Concentrate

- A synthetic firefighting foam concentrate specially formulated for Class A applications
- Use at 1% for small Class B hydrocarbon spill fires
- Economical – 0.1% to 1% proportioning rate depending on application
- Flexible in use and easy premixed
- Reduced storage space
- Excellent foam ability
- Long shelf life
- Five way attack
- Ground attack
- Structural attack
- Aerial attack
- CAF systems
- Fire breaks and small Class B spills
- Suitable for use with fresh and sea water

**Forexpan is a synthetic fire fighting foam concentrate specially formulated for Class A applications such as forestry and wildland fire control, structural fires, and tyre and paper fires.**

The balanced chemical system in Forexpan reduces the surface tension of water to increase the penetrating power into burning Class A materials.

- At 1% Forexpan can be used for small Class B hydrocarbon spill fires involved in a forestry environment. eg. leaking truck fuel tanks or refuelling equipment.
- Economical - 0.1% to 1.0% proportioning rate depending on method of application.
- Acceptable environmental characteristics.
- Flexible in use - can be used through conventional water nozzles, air aspirating foam nozzles, compressed air systems or dropped from aircraft.
- Easily premixed - with fresh, salt or brackish water.
- Reduced storage space - one 5 gallon drum will produce 500-5000 gallons of foam solution.
- Excellent foam ability - particularly with fresh water, making Forexpan ideal for use in fixed wing aircraft and helicopter buckets.
- Long Shelf Life - in excess of 10 years if stored in accordance with Angus Fire recommended guidelines.

### Five Way Attack

Forexpan is highly versatile and can be used with a wide range of equipment for different methods of application. It is intended for use at 0.1% to 1.0% depending on the method of application:

#### Ground Attack

Air aspirating nozzle of 0.3% proportioning rate; 0.1% for mop-up.

#### Structural Attack:

Conventional Nozzles;  
0.5% proportioning rate.

#### Aerial Attack:

Fixed or Rotary Wing delivery systems;  
0.6% proportioning rate.

#### CAF Systems:

Compressed Air Foam System; 0.15% proportioning rate.

#### Fire Breaks and small Class B spill fires:

1% proportioning rate.

The above proportioning rates are given for guidance only.

Users may vary them based on operational experience with the different systems.

## Class A Foam Concentrate

### Compatibility

Forexpan is suitable for use in combination with soft or hard, fresh, brackish or sea water.

### Storage

Forexpan is exceptionally stable in long-term storage. A shelf-life of at least ten years may be expected if it is stored properly. When stored below -10°C,

some cloudiness may occur, however on subsequent warming, this will disappear without any detrimental effect.

### Environment & Disposal

Please refer to the product's Safety Data Sheet (SDS) and website for more information regarding the use, discharge and disposal of all firefighting foam products.

### Reliability

Forexpan is produced to rigorous quality control standards to ensure consistent fire performance and excellent product reliability.

Angus Fire operates a quality management system which complies with the requirements of BS EN ISO 9001:2008

### Typical Physico-Chemical Properties

Appearance		Light Yellow Liquid
Specific gravity @ 20°C (68°F)		1.03 - 1.05
pH @ 20°C (68°F)		8.0 - 9.5
Viscosity @ 20°C (68°F)	mm <sup>2</sup> sec <sup>-1</sup>	20
Maximum continuous storage temperature	°C (°F)	49 (120)
Maximum intermittent storage temperature	°C (°F)	60 (140)
Freezing point	°C (°F)	-10 (27)
Effect of freeze/thaw		No loss of performance
Lowest use temperature °	C (°F)	-10 (27)

### Typical Packing Specification

	Plastic Square	Plastic Square	Plastic Cylindrical	Plastic Cylindrical	Ecobulk MX
Capacity	25 litres	5 US gallons	200 litres	55 US gallons	1000 litres
Empty weight (kg)	1.2	0.8	9.0	9.0	70
Filled weight (kg)	27	21	217	226	1110
Dimensions (mm)	448 x 286 x 286	402 x 293 x 240	580 D x 922 H	580 D x 922 H	1200 L x 1000 W x 1160 H
